# Correction to: Classical and lectin complement pathways and markers of inflammation for investigation of susceptibility to infections among healthy older adults

David C. LaFon<sup>1,2</sup>, Steffen Thiel<sup>3</sup>, Young-il Kim<sup>4</sup>, Mark T. Dransfield<sup>1,2,5</sup> and Moon H. Nahm<sup>1,6\*</sup>

**Correction to: *Immun Ageing* 17, 18 (2020)**

<https://doi.org/10.1186/s12979-020-00189-7>

Following publication of the original article [1], the authors reported an error in the ‘Methods’ section under the subheading entitled ‘Complement and cytokine assays,’ the description of assays should read as follows (change highlighted in bold below):

“Assays for complement factors C3 and C4, C-reactive protein (CRP), and classical pathway activity (CH50) were performed at the clinical laboratory at the University of Alabama at Birmingham, using the respective Optilite **turbidimetric assay kits** (The Binding Site).”

The original article [1] has been updated.
